

Fox Searchlight has debuted the first trailer for the upcoming big-screen take on Daniel Clowes' (Ghost World, Ice Haven, Mister Wonderful) graphic novel, Wilson. Woody Harrelson stars as the titular character, who makes one last-ditch effort to reconnect with his drug-addled ex-wife (Laura Dern) when he realizes they have a daughter together. The movie also stars Judy Greer (Jurassic World, Ant-Man, Tomorrowland) and Cheryl Hines (Curb Your Enthusiasm). Check out hilarious trailer below, but beware of F-bombs. Wilson is directed by Craig Johnson (The Skeleton Twins), and is set to hit theaters next March.
