

With the release of Joe Johnston's Captain America: The First Avenger getting closer and closer by the day, things are certainly starting to amp up for the promotion of the film. Over at Marvel.com they have an article up discussing the differences between Sebastian Stan as Bucky in this film, and the character as he is portrayed in the comic-books, most notably his relationship with Steve Rogers/Captain America. Chris Evans (Steve Rogers) and Marvel Studios president Kevin Feige weigh in with their opinions on the character below. "In the original Captain America comic books, Bucky was a young guy, kind of a sidekick who Steve had to look out for," said Evans. "We did it a little differently, but the relationship is still very well developed. I think it's one of the best in the film--you really care about these two guys." And exploring those types relationships are what can help make good
