

Get More: [Movie Trailers](#), [Movies Blog](#) Talking to MTV Splash Page, Chris Hemsworth had this to say about the direction he's hoping Alan Taylor will take the sequel. "[Game of Thrones] had a real mythical element to it, but it was rooted in such an organic and tangible world. I think Asgard could really benefit from that sort of a grittier, aged feel to it and not so ethereal." As for where the sequel will take Thor, Hemsworth is hoping to take the God of Thunder even further afield that Asgard and Earth. "The big thing about the comics for me was the origin story. Thor was interesting, but what I found more fascinating was the other worlds and realms that you can be taken off into." When asked about whether we'll see even more otherworldly locations, he added, "I think so. I haven't seen the script yet, but hopefully. There are so
