

Made from the sacred metal Uru and forged in the heart of a dying star, as the all-father Odin insists, Mjolnir had subtle changes in Marvel's The Avengers, since its first appearance in Thor last year. And given that the God of Thunder will return in Thor: The Dark World, a slightly new design for the mighty hammer should be expected as well. While previous Dark World set photos offered a glimpse of Mjolnir, wielded by the star Chris Hemsworth, a rather mysterious set photo (via @LHamston and @Sparky4Ever84) has surfaced highlighting the subtle changes. With the only difference seemingly around the handle's endpoint, check it out below!

Left: Mjolnir in Thor; Right: Mjolnir in The Avengers Exploring Thor's relationship with the Asgardian all-father Odin, as well earthbound companion Jane Foster, "Thor: The Dark World" follows the God of Thunder to The Nine Realms beyond Asgard and earth.
