

We didn't see much of Oliver as the Green Arrow last night, but next week, we'll be seeing plenty as he takes on a triplet of baddies - China White, Cupid & Liza Warner - who are seeking revenge. However, he runs into a bit of interference when the ACU arrive to arrest him for the murder of Detective Malone. Also, according to a recent interview with executive producers Marc Guggenheim & Wendy Mericle, it sounds like the next episode could be making some headway in the Prometheus department as well. "For me, Episode 514 is this fulcrum where a lot of the little seeds that have been planted in the first half of the season start to come to fruition and you start to realize that Prometheus has been setting up a chess board. The episode ends with the next key move in Prometheus' grand plan." Check out the promo for episode fourteen, titled "The Sin-Eater," below "The Sin-Eater" - (8:00-9:00 p.m. ET)
