

As seen in the preview below, Batman's time as an inmate at Belle Reve doesn't appear to last more than 30 seconds... Hopefully Amanda Waller has a panic room or she's going to soon find herself face-to-face with the Caped Crusader. If anyone is going to spring the rest of the League, it's definitely the World's Greatest Detective. But while all of this is going on, what of the mysterious agenda for Max Lord and his band of escapees from Waller's secret prison? They're a third-party wildcard that could take down both teams while they're preoccupied with one another.
