

In a very lengthy chat with our friends over at Comic Book Resources, All-New X-Men writer Brian Michael Bendis has talked more about one of the most highly anticipated Marvel NOW! series. While he doesn't reveal any specific details about what we'll see in the new flagship X-Men book (replacing the long-running "Uncanny" series), there are an awful lot of great teasers here. Be sure to click on the link at the bottom of the page to read the interview in full. Issue #1 of All-New X-Men goes on sale next month! On How The Concept Of All-New X-Men Was Thought Up: There was this idea at Marvel retreats called 'Days of Future Now'. It was literally the idea that the original X-Men would come here, to what would be their 'Days of Future Past,' and it would be horrifying and startling for them to see what the X-Universe had turned in to.
