

A while back we posted an Article detailing the decision to make the very popular character pregnant, and as a result consider - and seemingly decide on - an abortion. This happened in Dark Horse Comics' Season 9 issue #6 of Buffy The Vampire Slayer.. Series creator Joss Whedon went on to defend the controversial storyline by assuring fans: "It's not something we would ever take lightly, because you can't. You don't. It's not an easy thing for anyone". Well, for whatever reason it seems they have decided not to take it anywhere at all, lightly or otherwise. Because in issues #8 and #9 of the comic the following revelation about Buffy comes to light.. SPOILER WARNING Yes, Buffy is actually a "Buffybot". Fans of the show will remember those. I'm pretty sure even in the messed up Buffyverse a robot can't be impregnated, much less have an abortion performed. So it seems as
