

Any Judge Dredd fan will tell you that among the best stories in the incorruptible lawman's back catalogue are those featuring the fearsome Dark Judges. But it's been 10 years since we have seen them grace the pages of 2000AD, until now. Prog 1718 sees the return of Judges Fear, Fire, and Mortis. Obviously someone is missing there, but no doubt he will pop up soon enough. Here are some scans from DJ Food..
