DANGER GIRL AND THE ARMY OF DARKNESS #1 Written by Andy Hartnell (co-creator of Danger Girl), art by Chris Bolson (Red Sonja) and the three different covers are by J Scott Campbell, Nick Bradshaw and Paul Renaud. Abbey Chase, the world's most daring adventuress, returns to action as she aims to recover a dark and mysterious piece of ancient history. When Abbey learns that the elusive Book of the Dead has resurfaced and fallen into nefarious hands, she and the Danger Girls embark on a mission to track down the powerful tome. But when their journey leads them to cross paths with another seeking the book - a man with a personal vendetta and a literal hand in the book's sordid history - they find themselves spiraling through the most outrageous and sure-to-be-talked-about cross-over event of the year!

Official Press Release: J. Scott Campbell "Many artists go through an entire career without one real signature
