

Fans of Cyclops (myself included) will be VERY pleased to learn that he seemingly survives the final chapter of Avengers Vs. X-Men! However, is a villainous turn on the cards for the man who recently slaughtered Charles Xavier while under the influence of the Phoenix Force? Why else is he fighting his younger self on the covers of issues #3 and #4 of All-New X-Men? Well, it looks like we'll have to wait until November to find out, but this promises to be a very interesting development for the character in the Avengers-centric Marvel NOW! relaunch. Many thanks to Comic Book Resources for the images below.
