

In a lengthy interview with Comic Book Resources, writer Dan Slott has talked about the major upcoming story arcs which are leading up to this December's landmark Amazing Spider-Man #700. While he's careful not to give too much away, it sounds as if VERY big changes are afoot for Spidey as Doctor Octopus learns Peter Parker's biggest secret (presumably that he's Spider-Man) with just hours left to live. After the unpopular "One More Day" fiasco, surely they aren't preparing to once again reveal his identity to the citizens of the Marvel Universe?! Well, only time will tell! On Bringing Back Roderick Kingsley And The Initial Reaction From The Fans: Oh my God, has this been a long time in the making! You'll notice when we first introduce Roderick Kingsley in "Big Time," he was fighting drug kingpins in Delvadia and moving in on their territory. He's down there with a plan. What we
