

In the upcoming Flash series there will be a dramatic change to the life of Barry Allen. Barry will be with out wife Iris! According to series writer Brian Cunningham, courtesy of Bleeding Cool, not only will Iris and Barry will not be married but he will be seeing someone new altogether in issue one. The lucky ladies name is coworker Patty Spivot. Says series Writer Brian Cunningham: "Yes, folks — in the post-FLASHPOINT world, Barry Allen has not only never dated Iris West, but he's dating someone else entirely in issue #1! And that someone is...his longtime coworker Patty Spivot! "If that upsets you, sorry about that. But I make no apologies for opening up a traditional storytelling avenue with our hero's romantic life, something that's been shut closed for a very long time now. This is no indictment of marriage. I'm a married man and wouldn't trade it for anything. But in
