

CBR has an exclusive first look at the latest Marvel miniseries to roll out of the House of Ideas, Deadpool Kills the Marvel Universe. It's a four issue miniseries from writer Cullen Bunn and artist Dalibor Talajic. The series looks to examine "what would happen if Deadpool were a vicious serial killer stalking the heroes and villains of the Marvel Universe". From Bunn--- I don't think there's any subterfuge in the title. This is Deadpool murdering the heroes and villains of the Marvel Universe we know and love. On another level, though, it's kind of a tragic story about being the puppet of greater forces -- and how far one might go to be free of all that. You can check out the awesome covers to each issue below. There's a lengthy interview with the series creators over at CBR so be sure to click the source link below
