

For those of you that have read Neil Gaiman's Sandman, you know very well what that item above is and what its place in the original Sandman volume. At one point, the item belonged to Dream of the Endless but it was subsequently lost and fell into the hands of B-list villain, Doctor Destiny. Without delving too deep into Gaiman's brilliant run, the above reference in Justice League Dark thoroughly interrupts the continuity of the original series. Part of Gaiman's contract with DC was that the series would end once he was finished thus the above image is a bit of a headscratcher. Could more Sandman stories be on the way? See Dreamstone. See Justice League Dark. See Dream of the Endless. Note: Justice League Dark #9 marked the debut issue of writer Jeff Lemire, who took over from Peter Milligan. Art by Mikel Janin, color by Ulises Arreola. Follow
