

It could be in order to help promote Marvels upcoming Avengers film or maybe it's due to his increasing popularity over the years. Regardless, this October will find longtime fan favorite Hawkeye flying solo in The Avengers:Solo. However, the 5 issue series will not be the purple archers first solo run. Back in the 80's he also starred in Solo Avengers. Series writer Jen Van Meter told NEWSaRAMA that there would also be a background story featuring another unnamed member of The Avengers. Van Meter also had quite a bit to say about Hawkeye's new role as detective in the upcoming series and what makes him such an interesting character to so many.. "I don't really want to surround him with people he already knows. I'd kind of like to drop him into a situation where he really is isolated in a community of people he's got to deal with fresh
