

J. Michael Straczynski's run on The Amazing Spider-Man was (and still is) loved by many comic book fans. Mainly because it was, well, AMAZING. However, the decision to wipe the marriage of Peter Parker and Mary Jane Watson out of continuity in "One More Day" led to his departure from the title, and Marvel's plans for "Siege" soon resulted in him walking away from Thor too. Two creative decisions which forced the critically acclaimed writer to walk away from two critically acclaimed books. Regardless, he still played a role in coming up with the story for the big screen adaptation of THOR and as far as anyone knows, isn't on bad terms with the comic book publishers. Or so it seems... Sales on The Amazing Spider-Man since my departure. Just sayin' JMS posted that on his Facebook page and regardless of how you choose to read into it, it led to a heated
