

Following the release of artwork and details from the new Captain America series which will debut as a part of the Marvel NOW! relaunch this November, MTV Geek has unveiled this first look at X-Men Legacy. Writer Simon Spurrier (X-Men: Curse of the Mutants - Smoke and Blood) and artist Tan Eng Huat (Punisher) will be the creative team on the series, and you can read comments from the former below (as usual, the full version can be found by clicking on the link at the bottom of the page). For those of you who may not know, "Legion is the mutant son of Charles Xavier and Israeli Holocaust survivor Gabrielle Haller. He has severe mental illness, including a form of dissociative identity disorder (more commonly known as multiple personality disorder), with each of his personas controlling one of his many superpowers."
