

Newsarama have today unveiled Magneto: Not a Hero, an upcoming limited series by Skottie Young and artist Clay Mann. Apparently, the series will deal with the ramifications of the former villain turned X-Man being caught on camera killing humans. Whether this means we'll see him turn back to the side of evil is unknown, but the title has got to make you wonder! I've included a few excerpts from the sites interview, but make sure to click below to read much, much more. Magneto has certainly been there and back again as far as his flip-flopping allegiance. What's different this time, and how unprepared could the X-Men REALLY be for this? No matter how trusting the X-men are I think it's a big mistake to let their guard down completely. This is Magneto. MAG-F'N-NETO. I don't care if he convinces me he's selling girl scout cookies, I'm assuming he's only seconds away from
