

The six-issue limited series will kick off in April with rotating creative teams, the first of which will feature Jason Aaron/Adam Kuber and Kathryn Immonen/Stuart Immonen. The book will expand upon the various battles in Avengers Vs. X-Men and will serve as its only sister title. Here's how Tom Brevoort describes the series. "Not a lot of conversation, introspection or sitting around tables. Page one has somebody punching somebody, the last page has somebody shooting somebody else. This is the ultimate book for the quintessential Marvel fan. There will be fighting in the main AvX series, but there's not enough space to do justice to every conflict. That is the purpose of VS." The first two battles in #1? Iron Man vs. Magneto and Namor vs. The Thing. And for those of you worrying that the main series will also be nothing more than the Avengers and X-Men knocking seven bells out
