

Marvel has revealed that writer Marjorie Liu and artist Mike Perkins will be the new creative team on Astonishing X-Men as of issue #48. The book will take place during the current "Regeneration" status quo, focusing on Wolverine's side. He'll be joined by Warbird, Northstar, Gambit, Cecilia Reyes, Iceman and Karma. They'll be facing off against The Marauders in the first arc, although the villains won't be joined by Mister Sinister who is currently making life difficult for Cyclops' team of Uncanny X-Men. If you're interested in reading more details about the new direction of the series, click [HERE](#) to check out Newsarama's coverage of Marvel's "Next Big Thing" live call.
