

It has to have been to worst kept secret in comic history, but now it's finally official - in Astonishing X-Men #50 Jean-Paul Beaubier, aka Northstar, proposes to his long-term boyfriend Kyle Jinadu, and in the following issue they look set to tie the not..unless of course, someone or something ruins their big day!.. From Marvel Editor in Chief Axel Alonso.. "The Marvel Universe has always reflected the world outside your window, so we strive to make sure our characters, relationships and stories are grounded in that reality. We've been working on this story for over a year to ensure Northstar and Kyle's wedding reflects Marvel's 'world outside your window' tradition."
