

The blockbuster Marvel event of the year continues! Thor. Hulk. Thing. The fight to end all fights. And while it rages, the Serpent's forces deal Captain America a blow not even he can withstand. While the event has so far been met with a mixed reaction from fans, writer Matt Fraction and artist Stuart Immonen might just win back a few of the doubters back with the promise of an epic brawl between Thor and the Worthy-possessed Thing and Hulk in Fear Itself #5. What have you thought of this series so far? Be sure to share your opinions on all this and more in the usual place!
