

USA Today have revealed the following teaser which seemingly confirms that Dan Slott and his regular Amazing Spider-Man artists will be, ahem, sticking around for the relaunched Marvel NOW! series featuring the wall-crawler. The red and blue also seems to be a clue. The current series will be ending with December's issue #700, and it has been teased that there are very, VERY big changes in store for Peter Parker. What could the "Superior" tag refer to? Guess we're just going to have to wait and see... I'd like to thank @marvel for their faith in @ryanstegman @humberto_ramos Giuseppe Camuncoli's & my new SUPERIOR SQUIRREL GIRL series! :-)— Dan Slott (@DanSlott) October 5, 2012
