

Announced last month, "The Omega Effect" is a storyline which will take place in the pages of Avenging Spider-Man #6, Daredevil #11 and Punisher #10. Mark Waid and Greg Rucka will continue to pen their own respective books as well as co-writing the first part of the story. Punisher artist Marco Checchetto will be on art duties for all three parts of the crossover. Thanks to IGN Comics, we now have Adi Granov's three connecting variant covers.
