ABOUT MTV Geek and Marvel Comics are pleased to present "Avengers VS X-Men: War Journals," an all-new video series going behind the scenes of the year's most anticipated comic book event. This documentary will give viewers an unprecedented look into the Marvel offices, creative retreats, key planning meetings and creator studios -- showing just how Avengers VS X-Men was developed by the most creative minds in comics! "This is the biggest story Marvel's ever told and we're excited to partner with MTV for a special look at how Avengers VS X-Men came together," said Axel Alonso, Editor In Chief, Marvel Comics. "We've never shown just what goes on in our top secret meetings--from the development of our best ideas to heated debates--and
