

Announced this weekend at MorrisonCon in Las Vegas, writer Grant Morrison will be reintroducing the Multiverse to DC comics with an eight-part miniseries entitled "Multiversity." The following was said about the series on DC Comics' blog: "DC Entertainment is proud to confirm that Grant Morrison's love letter to superhero comics, MULTIVERSITY, will be hitting stores in late 2013." "MULTIVERSITY is an 8-issue series comprising 6 one-shots and a two-part conclusion with each issue featuring a 38-page lead story followed by an 8-page backup. Each issue takes place on a different parallel world from the main DC Earth and functions as a number one issue. Each world in the Multiverse publishes comic books about the heroes on the OTHER worlds. Once the characters realize this, they then unite to respond to the villains!" "Additionally, each universe (which have been brewing in Morrison's mind for years) will open up an endless series of worlds and realities
