

Thanks to "UltimateKidNova" and the guys over at Marvel's "Next Big Thing" live blog, we have the following details from writer Ed Brubaker and about upcoming series, Winter Soldier. As was revealed in the pages of Fear Itself #7.1, Bucky survived his encounter with Sin and plans on making up for his past crimes as the Winter Soldier from the shadows of the Marvel Universe. To read much more, be sure to click on the link below. "I knew 90% of the angry 'You killed Bucky' fans were fans who were upset that I brought him back in the first place who I had won over. Hopefully I will be able to win them back again." - Ed Brubaker Ed says the idea for Steve Rogers to return as Captain America and Bucky to go back to being the Winter Soldier with his own book has been the plan for some time. What
