

Our first teaser was found on "Tumblr" by Comic Book Resources, and is according to artist Cliff Chiang, "an early promo image we cooked up to visualize our take on Wonder Woman. The original version has pants!" The upcoming series (set to go on sale later this month) will be written by Brian Azzarello, and promises a fresh new take on the iconic character. Below that, we have another teaser from Marvel for the current Amazing Spider-Man event, "Spider-Island". Looks like things are set to get even weirder for poor 'ol Peter Parker... And here's a ridiculously random question for you...
