

In addition to 'Fury's Big Week' comic tie-in series for Joss Whedon's Avengers movie, Marvel.com have revealed yet another series titled MARVEL'S THE AVENGERS: BLACK WIDOW STRIKES, centering on Marvel's cinematic Russian Spy. Said to be a three-issue limited series, check out cover art below, as well details from writer Fred Van Lente, who also dishes on the S.H.I.E.L.D. spy's inclusion in the film, based on Whedon's praised script. "This story takes place between 'Iron Man 2' and 'Marvel's The Avengers,'" writer Fred Van Lente tells Marvel.com. "Black Widow is running down some loose ends from 'Iron Man 2,' namely some bootleg Stark technology that Justin Hammer made. It's her and Agent Coulson going into Russia, but you'll also probably see Nick Fury and the other heroes as necessary." "For this series, I've given Black Widow a kind of fan/stalker--a freelance espionage operator who has modeled herself on Black Widow," explains
