

Says DC CCO Geoff Johns.. "This is the last thing I ever thought we'd put on an Aquaman cover because it's such a bizarre collision of worlds but I think it's one of the best covers we've ever done...I just love the look on Superman's face! Aquaman will play a pretty big role in the show. In fact, the title could just as easily be How Aquaman Got His Groove Back!" For more from Johns follow the link back to TV Guide below. If you haven't sen the trailer for the Robot Chicken DC Special , here it is..
