

Before you go any further, there are SPOILERS AHEAD. Last month, Batman: The Dark Knight #1 saw Two-Face "Hulk Out" and now the same applies for The Joker at the end of the second issue! As the guys over at Inside Pulse point out, this is somewhat confusing, especially as the conclusion of Detective Comics #1 last month saw The Joker without a face! (or so it seems...) Anyway, here's the Clown Prince of Crime in all his "Hulked Out" glory. Of course, as you'll know if you've read the issue, this does eventually wear off. Still, it doesn't explain what's up with his face! Batman: The Dark Knight by Paul Jenkins and David Finch is a fun enough title, although definitely the weakest of all the relaunched Bat books. (it's sort of how you would imagine a Batman movie in the hands of Michael Bay - brainless and action packed) What
