

When Daniel West was introduced in the pages of The Flash #0, he didn't really seem like that much of a big deal, despite sharing a surname with a character who has yet to make his debut in "The New 52" (much to the fury of Wally West's legion of fans). Well, DC's The Source blog have now posted a story with the headline, "Introducing the Newest Member of the West Family," making it clear that he'll play a pivotal role in the series moving forward and IS somehow related to Wally. "Daniel West is a classic case of juvenile delinquency," series co-writer and artist Francis Manapul told the site. "Unfortunately for him, his first major crime is foiled by Flash's first ever outing as a superhero. In the present, after having served his debt to society, Daniel just wants his old life back. All he wants is to go back
