

With the DCEU's Green Lantern Corps. film receiving a new round of mainstream attention thanks to January's hire of David Goyer & Justin Rhodes as screenwriters, Common was asked about playing John Stewart in the film, which was described as &quot;Lethal Weapon in space.&quot; If you recall, Common was previously set to play John Stewart in 2009's Justice League Mortal. With that in mind and the fact that Common already had a role in the DCEU as Monster T. in David Ayer's Suicide Squad, has the Selma actor lost interest? &quot;No, I haven't spoken to DC. John Stewart, the character, is amazing. When I had the opportunity of potentially being John Stewart, when we were working, I learned how he was part of the Green Lantern Corps and all that he was doing. He was kind of community-driven so I felt like, 'Oh, man, I love this character.' He used his mind to do a lot of things so I connected with him. I just
