

Manny The Movie Guy Speaks: One of my inside sources who shall remain nameless -- there's an embargo put upon journalists who visited the set, they can't talk about their experience until next year (sucks!). But my friend talked to me of course, and revealed, that Catwoman's goggles, when pulled back like a headband, will take the form of cat's ears much like the image of Catwoman we all know and loved! Manny The Movie Guy Speculates: Imagine the goggles pulled back and it will reveal the pointy cat ears by way of those funky blue lights. I previously reported, that a source with Hollywood Life had told them: "Those goggles she has on, they go back on her head like a headband, and they are actually pointy cat ears," reveals our Dark Knight source. There you have it! Initially I was positive that the first source was spot on since he or she was the same
