

A little earlier today, Trailer Track pointed out a listing by Deluxe Digital Cinema which confirmed that they would be distributing the new Wonder Woman trailer to theaters this week. Common sense says it will be attached to Doctor Strange on Friday in that case, but when will it debut online? Well, while we don't know the exact time, director Patty Jenkins just dropped a major clue via her Twitter account! Assuming the trailer is in theaters with Marvel's latest movie during Thursday evening screenings, then it should be with us at some point in the morning or afternoon. Chances are Warner Bros. will release further information (and one of those infuriatingly brief trailer teasers) tomorrow, but for now, be sure to let us know what you want to see in the new Wonder Woman sneak peek in the comments section. Thanks everyone for sharing their awesome Halloween costumes!! So great. So appreciated! Can't wait til THURSDAY, to share back... ;) — Patty Jenkins
