

Perhaps the most exciting piece of news for comic book lovers to come out of this year's San Diego Comic-Con is the fact that Neil Gaiman will team-up with J.H Williams III for a prequel to Sandman. Rumours of this first surfaced earlier today, but this makes Gaiman's return to the universe (25 years after the first issue was published) official. Below is a video statement from the writer (with just a small part of it transcribed) as well as some stunning artwork from the series. "In November, 2013, it will have been 25 years since Sandman #1 was published, which means that 2013 seems like a particularly good year to tell that story; to get together with one of the finest artists in comics today to actually explain what Morpheus had been doing before Sandman #1 had began. And I'll be telling that story. So, the as yet untitled (or
