

"Mortal? Who are you calling mortal? I am as far beyond such a label as you are. Except I see that mortality and you...are not so far apart as you would have us think. "--DARWIN --> Who is DARWIN? DARWIN is a mutant named Armando Muñoz. His first appearance was in X-Men: Deadly Genesis #2. Writer Ed Brubaker and artist Pete Woods created DARWIN. First Appearance DARWIN's powers are self-protection and continuous circumstantial evolution. As a young boy, he was found by some scientists who experimented on him. Later he was taken in by Moira MacTaggart and recruited as one of her "fosters." He was part of the first rescue team, to go after the captured X-Men from Krakoa. The rescue was a disaster many of DARWIN's teammates were killed, he absorbed their powers and converted himself into energy to fuse with another teammate named Vulcan. DARWIN and Vulcan The Krakoa incident
