

Over the weekend, details from the soundtrack of Marvel's much-anticipated Captain America: The First Avenger film were revealed, listing the Alan Silvestri-composed original score chronologically. However, there was one oddball; a song titled Star-Spangled Man, composed and written by Alan Menken & David Zippel. While the peice was expected to be used during the USO sequences of the film, David Zippel recently chatted with Playbill confirming so. "It's a montage, and it's before he's actually Captain America," Zippel said. "[He's] in the process of becoming him. It shows him in these war bond presentations around the country over a series of time. It's very period, and Alan and I had a really good time doing it."Don't worry, Captain America isn't singing in the movie."It's sort of the Army band [and] a USO group singing," Zippel said. Captain America: The First Avenger focuses on the early days of the Marvel Universe when Steve Rogers
