

Even though this past year has been a little rough on DC's fans, the upcoming release of Batman: Year One should be enough to cheer everyone up. Inspired by Frank Miller's classic mini-series, Year One follows the early career of Batman, tracing Bruce Wayne's inspiration and inevitable rise as the caped crusader. With an all star cast, headlined by Bryan Cranston as Jim Gordon, Eliza Dushku as Catwoman, and Chris Mckenzie as Batman, expect this DVD to be a MUST BUY!!!. In this short video, directors Lauren Montgomery and Sam Liu discuss the process of adapting Frank Miller's seminal work for the film.
