

After playing Dr. Leslie Thompkins in Gotham and Vanessa Carlyle in Deadpool, Morena Baccarin is a familiar face here on CBM. While she continues to star in the former, it remains to be seen whether or not "Copycat" will return in the Merc with the Mouth's highly anticipated sequel, but here's hoping! However, with Domino set to join the franchise, it could be that Wade Wilson winds up with a new love interest. That would be a shame after all the work which went into developing her relationship with Deadpool in the first movie, but hopefully we'll hear more on that before production begins next year. Anyway, you can check out Baccarin's GQ Mexico photoshoot below courtesy of Movie Hotties.
