According to Box Office Mojo, "Harry Potter and the Deathly Hallows - Part 1" has moved up to No. 11 on the all-time worldwide box office list by taking \$937.7 Million. This means that the franchise in its entirety holds exactly a quarter of the top 12 places: HP1 (8th), HP5 (10th), HP7 (11th), and HP6 (12th). Also, in other news, Den of Geek have obtained a higher quality version (without watermarks) of the image I posted yesterday: Harry Potter and the Deathly Hallows: Part 2 hits theaters this summer on July 15th!
