

Let me say this first. I have never read a single Ghost Rider comic. I've read a few with him in it, but never from his own series. So this is NOT coming from a person who knows everything, just someone who knows the character and origin. With that said, let's get on to the revisit. I remember seeing it back in 2007 when it came out on DVD. I've always liked the character. (Who wouldn't like a guy with a flaming skull for a head?) I thought it was cool, but that was when I liked movies for their effects, fights, and just cool scenes. Now that I'm a better reviewer, I can see if it was really a good film, or bad as everyone claims. In case you don't know the plot, it follows Johnny Blaze, a stunt cyclist who sells his soul to the Devil (known to us comic
