

The latest issue of Empire Magazine features a fascinating and revealing feature on The Amazing Spider-Man. Below are a few excerpts from the report, although there's a LOT more to be found (including new information on the POV scenes and comments from Andrew Garfield and Emma Stone) in the article itself. Of course, you'll have to pick up the issue when it goes on sale next week if you want to check those out! For now, here are some of the other most interesting highlights. If you had your doubts about Marc Webb helming the reboot, prepare to have your mind changed. He's clearly very passionate about the project and sounds as if he knows EXACTLY what he's doing. "I don't have a problem saying that word," says director Marc Webb. "It's not a remake, we're not making Sam's movie again. It's a different universe and a different story with different characters. There
