

The cast of Fox's Gotham just got a whole lot more impressive with the addition of James Remar. According to EW, the Dexter actor will play Detective James Gordon's (Ben McKenzie) Uncle Frank, who returns to the city after a 25 year absence. Apparently &quot;Frank has a dark secret that will force Jim to choose between saving his family and saving Gotham.&quot; Remar will probably be best known 'round these parts for TV roles in the likes of Battlestar Galactica and The Vampire Diaries, but he also starred in some '80s classics such as The Warriors and 48 Hrs. Gotham returns with an all-new episode tomorrow night at 8 p.m. ET on Fox.
