

Deadline report that Craig Gillespie has decided to exit Pride And Prejudice And Zombies, making him the latest director to walk away from the Lionsgate project. The past few months have seen actress after actress (everyone from Natalie Portman to Emma Stone and Blake Lively) turn down the chance to star in the big screen adaptation of the Seth Grahame-Smith graphic novel which adds zombies to the well known Jane Austen classic. The site also speculate that it's now likely the studio will seek a director with a package from an agency which includes cast as well. What do you guys think? Will the movie ever see the light of day? Be sure to share your thoughts in the usual place!
