

Production of Kick-Ass 2 has now moved to the UK, and writer/director Jeff Wadlow is clearly busy with filming one of the most pivotal scenes in the big screen adaptation of the Mark Millar and John Romita Jr. comic book series. Without spoiling anything for those of you who haven't read Kick-Ass 2 (why not?!), a very big fight sequence takes place at the funeral of one of the characters and the set photo below (taken and released by Wadlow) gives us an idea of how it's going to play out. Kick-Ass 2 is currently set to be released on June 28th, 2013 in the US and on July 19th, 2013 in the UK. Day 20... What do you keep in your coffin? #kickass2
