

Well, he doesn't sound like he's having a very nice time of it anyway. But I think this pretty much guarantees any fans of Scott's original, and terrifying, Alien will when Prometheus hits theaters June 8th. Ridley Scott, director of "Alien" and "Blade Runner," returns to the genre he helped define. With PROMETHEUS, he creates a groundbreaking mythology, in which a team of explorers discover a clue to the origins of mankind on Earth, leading them on a thrilling journey to the darkest corners of the universe. There, they must fight a terrifying battle to save the future of the human race.
