

I'm about to go IN on DC right now. So if you're sensitive to that type of thing, don't look...
What's Happening: Earlier today, news broke that Ben Affleck won't be directing the new Batman film as rumored. Fans thought this was bullshit and denied it, but as usual, there is always drama behind the DCEU. Oh, and there is no director now. The DCEU is a bag of dicks in a pool filled with hobo semen and hot dog water. Like, how do you ruin the only good characters you have? Batman, Superman, Lex Luthor, and the Joker are so iconic partly because they're so simple. There are like THOUSANDS of great different versions to choose from, and they go with... Zack Snyder Frank Miller fetish Punisher, apathetic buff Freddie Mercury Space Jesus, Riddler Landis, and Marilyn Manson Die Antwood? Oh, and I'm not done. No bitch, I've just begun. So take a few seats... How does a Suicide Squad movie make more than a Superman
