Speaking shortly with MTV, Don Cheadle, the actor who has taken over as James Rhodes via Iron Man 2 in Marvel's Cinematic Universe, speaks on his armored alias War Machine. He answers instantly if he'll appear in the crossover spectacle The Avengers, and speaks on the progress of his spin-off film. Also commenting on Jon Favreau's directorship departure for Iron Man 3, watch below. "They're developing it now, they're working on that," Cheadle told MTV News when asked about a "War Machine" movie. "I think they've hired a writer, so we'll see how it goes. It would be a lot of fun. I don't think he shows up in ['Avengers']," said Cheadle. "I think he's kind of a lone wolf." "People move on for various reasons, and Jon's very busy," he said. "He's going to do 'Cowboys And Aliens,' and he has a ton of other projects on his slate, so he's fine.
